

Little Feet

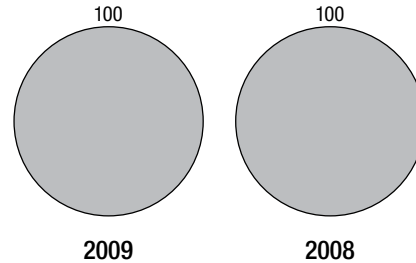

Social conditions Little Feet has established a strong working relationship with its suppliers. In 2009 the focus was placed on realizing the organic cotton collection as part of their environmental improvement. In 2010, together with MADE-BY, Little Feet has started motivating and assisting their key supplier in the Far East to be socially compliant.

Environmental conditions Around 94% of the Little Feet 2009 collection was made of cotton, and 60% of this cotton collection was produced with organic cotton (Class B). It is a significant increase of 60% from the previous year, which has shown their commitment in the sustainable production. The main focus for 2010 is to replace the remaining 40% of conventional cotton with organic cotton, which mainly consist of their woven collection.
